Job description

About Samsung Austin Semiconductor

Samsung is a world leader in advanced semiconductor technology, founded on the belief that the pursuit of excellence creates a better world. At Samsung Austin Semiconductor, we are Innovating Today to Power the Devices of Tomorrow.

Come innovate with us!

Position Summary

Samsung Austin Semiconductor is looking for motivated and curious engineering graduates to join us in our Samsung Emerging Engineer Development (SEED) program.

This multi-week, comprehensive program offers new graduates an overview of the company's processes and operations, as well as a base knowledge of semiconductor fabrication and manufacturing principles. After completing the multi-week program, you'll join your permanent department/team.

This program was formerly known as CORP - College Orientation Recruitment Program.

Role and Responsibilities

In addition to the specialized orientation, you'll receive:

- Team-building events with your Emerging Engineer program cohort
- Personalized mentorship from Samsung leaders
- Competitive pay plus all of the standard Samsung benefits (including fitness centers and onsite cafes)

The majors that we typically hire for our new graduate Emerging Engineer program include:

- Electrical Engineering
- Mechanical Engineering
- Chemical Engineering
- Computer Science/Computer Engineering
- Physics
- Environmental Health & Safety
- Safety Engineering
- Industrial Engineering
- Math
- Statistics
- Materials Science
- Industrial Hygiene

Skills and Qualifications

To qualify for our Emerging Engineer program you'll need:

- A degree in one of our specified fields
- GPA of 3.0 or better
- Positive "can do" attitude
- Desire to learn and grow within the semiconductor space
- Prior successful experience at SAS as an intern, capstone participant, scholar or loan recipient is a plus.

If you're passionate about the semiconductor space and want to consider a career in the cutting-edge field of advanced manufacturing, Samsung might be the right place for you. Let's talk!

Total Rewards

At Samsung Austin Semiconductor, base pay is just one part of our total compensation package. The base compensation for this role will depend on education, experience, skills, and location.

We offer a comprehensive benefits package, including:

- Medical, dental, and vision insurance
- Life insurance and 401(k) matching with immediate vesting
- Onsite café(s) and workout facilities
- Paid maternity and paternity leave
- Paid time off (PTO) + 2 personal holidays and 10 regular holidays
- Wellness incentives and MORE

Eligible full-time employees (salaried or hourly) may also receive MBO bonuses based on company, division, and individual performance.

All positions at Samsung Austin Semiconductor are full-time on-site.

U.S. Export Control Compliance

This role may require access to information subject to U.S. export control laws. Applicants must be authorized to access such information or eligible for government authorization.

Trade Secrets Notice

By submitting an application, you agree not to disclose to Samsung—or encourage Samsung to use—any confidential or proprietary information (including trade secrets) belonging to a current or former employer or other entity.
